

IMPORTANT NOTICE

ANNUAL FIRE & SAFETY INSPECTION

TOWN HOUSES , 2345-2355 MADISON AVENUE

DATES: Monday
 January 10th , 2011

LOCATION: 2345-2355 Madison Avenue
 Burnaby, BC

TIME: 8:30 AM TO 4:00 PM (APPROX)

In suite testing will be on Monday from 8:30 AM to 4:00 PM

Voltech Fire Protection will be on site on the above date to conduct the **ANNUAL FIRE AND SAFETY INSPECTION**. You may hear some bells ringing from time to time, and we apologize for any inconvenience. At the same time if your building has a sprinkler system it will be tested; this may cause some harmless water discoloration from sediment in the pipes. To remedy this possible effect, let the water run until it clears.

CAN/ULC S536-04 (*Standard for the Inspection and Testing of Fire Alarm Systems, Section 6 - Periodic Inspections and Tests, Yearly*) requires **mandatory** testing of all in-suite devices. Your cooperation in providing access is requested and appreciated. Thank you for your compliance and patience.

Suites will be tested at the beginning of the Inspection, starting on the TOP FLOOR and working down, commencing at approximately 8:30 Am.

IMPORTANT NOTE: If you are not able to be home on that day please make alternate arrangements with a neighbour or with the Building Manager and advise Voltech.
